AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (original) A method comprising:
displaying a plurality of original document visual objects of an original document;
inserting into the original document a plurality of visual cue objects
corresponding to print job ticketing parameters, thereby creating an amended document,
and displaying the plurality of visual cue objects; and
removing from the amended document, for specific operations to be performed on
the amended document, at least one of the plurality of visual cue objects and performing
the specific operations.
2. (original) The method of claim 1 wherein the specific operation is a save operation.
3. (original) The method of claim 1 wherein the specific operation is a print operation.
4. (original) The method of claim 1 wherein said step of inserting further includes
inserting an unseen marker with each of the plurality of visual cue objects and wherein
said step of removing the at least one of the plurality of visual cue objects further
includes locating the unseen marker.
5. (original) The method of claim 1 wherein said step of inserting further includes
maintaining a list of each of the plurality of visual cue objects inserted and wherein said
step of removing the at least one of the plurality of visual cue objects further includes
referencing the list and identifying the at least one of the plurality of visual cue objects to
be removed.

AMENDMENT AFTER FINAL

Serial No. 10/065,527

6. (original) The method of claim 1 wherein said steps of inserting and removing are performed by a plug-in to a document editor providing a plug-in interface.
7. (original) The method of claim 6 wherein the plug-in is further effective in performing the step of:
applying certain of the print job ticketing parameters to all pages of the document.
8. (original) The method of claim 6 wherein the plug-in is further effective in performing the step of:
applying certain of the print job ticketing parameters to selected pages of the document.
9. (currently amended) A program product comprising:
a computer readable medium; and
program instructions on said medium which, when executing on a processor, are effective to:
display a plurality of original document visual objects of an original document;
insert into the original document a plurality of visual cue objects corresponding to print job ticketing parameters, thereby creating an amended document, and display the plurality of visual cue objects; and
remove from the amended document, for specific operations to be performed on the amended document, at least one of the plurality of visual cue objects and performing the specific operations.
10. (original) The product of claim 9 wherein the specific operation is a save operation.
11. (original) The product of claim 9 wherein the specific operation is a print operation.

12. (original) The product of claim 9 wherein said insertion further includes inserting an unseen marker with each of the plurality of visual cue objects and wherein said removal of the at least one of the plurality of visual cue objects further includes locating the unseen marker.

13. (original) The product of claim 9 wherein said insertion further includes maintaining a list of each of the plurality of visual cue objects inserted and wherein said removal of the at least one of the plurality of visual cue objects further includes referencing the list and identifying the at least one of the plurality of visual cue objects to be removed.

14. (original) The product of claim 9 wherein said insertion and removal are performed by a plug-in to a document editor providing a plug-in interface.

15. (original) The product of claim 14 wherein the plug-in is further effective to apply certain of the print job ticketing parameters to all pages of the document.

16. (original) The product of claim 14 wherein the plug-in is further effective to apply certain of the print job ticketing parameters to selected pages of the document.

17. (previously presented) A method as in claim 1, wherein said step of inserting further includes displaying the plurality of visual cue objects in thumbnails.

18. (previously presented) A method as in claim 6, wherein said step of inserting further includes displaying the plurality of visual cue objects in thumbnails, said plug-in further monitoring said thumbnails for current page selection.

19. (currently amended) A program product as in claim 9, further comprising program instructions that cause the processor to display ~~displaying~~ the plurality of visual cue objects in thumbnails.
